

Session Program

4-9 Oct 2026

DASH/IHDEA 2026

Session 3

Monday 5 October

14:00

Session 3: Ground-Based Heliophysics Data: Distribution, Discovery, and Science Enablement

Session | **Location:** Royal Irish Academy of Music, 36-38 Westland Row, Dublin D02 WY89

14:00-14:15

The Whole Is Greater Than the Sum of Its Instruments: Synergizing Space- and Ground-Based Observations in Heliophysics

Speaker

Bea Gallardo-Lacourt

14:15-14:30

UCalgary Open Science Platform: Building for the Next Decade of Data Growth

Speaker

Darren Chaddock

14:30-14:45

From 37 Remote Sites to the Research Community: Lessons from Two Decades of Ground-Based Data Distribution

Speaker

Emma Spanswick

14:45-15:00

Ground-based and space-based radio spectra in SciQLop: interoperability obstacles from the client side

Speaker

Alexis Jeandet

15:00-15:15

Future Directions for the HAPI Specification

Speaker

Jon Vandegriff

15:15-15:30

Open Discussion

15:30
