

Session Program

4-9 Oct 2026

DASH/IHDEA 2026

IHDEA Open Session

Friday 9 October

11:00

IHDEA Open Session: Oral Presentations 1

Session | **Location:** Royal Irish Academy of Music, 36-38 Westland Row, Dublin D02 WY89

11:00-11:15 **Pathways for enhancing FAIRness in Heliophysics**

Speaker

Baptiste Cecconi

11:15-11:30 **Open solar data, data products, and tools at MEDOC**

Speaker

Barbara Perri

11:30-11:45 **Community Coordinated Modeling Center Collaborative FAIR Efforts**

Speaker

Leila Mays

11:45-12:00 **Proper intermodel comparison using event detection skill scores**

Speaker

Michael Liemohn

12:00-12:15

The HelioData API: A Faceted, Vocabulary-Driven REST Interface for Unified Solar- and Space-Physics Dataset Discovery

Speaker

Dr Brian Thomas

12:15-12:30 **Open discussion on FAIR**

12:30

14:00

IHDEA Open Session: Oral Presentations 2

Session | **Location:** Royal Irish Academy of Music, 36-38 Westland Row, Dublin D02 WY89

14:00-14:15

Connecting Heliophysics SPASE Metadata: Building a Modernized System

Speaker

Rebecca Ringuette

14:15-14:30

Reducing Friction in HDRL's SPASE Pipelines to Operationalize FAIR with mEditor

Speaker

Zach Boquet

14:30-14:45

Reducing Friction in HDRL's SPASE Pipelines to Operationalize FAIR via Implemented SPASE Mappings

Speaker

Zach Boquet

15:30

14:45-15:00

ISTP Metadata Guidelines: Current Status and Future Development

Speaker

Andriy Koval

15:00-15:30

Open discussion on ISTP metadata
